

# Art Expression Summer Session

Recycled art projects, paper making, painting and drawing. Join Professional Artist Christine Harrison for this guaranteed mess fun! Six sessions during the month of July will include a variety of art projects in different mediums. Young artists will be able to explore color and texture in multiple hands-on projects, mixing and making paper, building and crafting sculptures using recycled materials, and painting inside and outside of the Art Accelerated Annex- a new space downtown designed just for making art. Art from this session will be complete and eligible for entry in to the Tillamook County Fair Art Show.

Register at the YMCA before June 30, 2019
